Family Pledge

The Tandem StoryCycles® book-sharing program makes it easy and fun for your family to share books with each other every day. Soon, you will begin receiving StoryCycles bags filled with diverse, high-quality children’s books on a regular basis.

When you share books with your child every day, you not only foster a love of books and reading—you’re also building the skills your child will need to succeed in school!

For the StoryCycles program to be most effective, it’s important that we work together. With your help, the books and materials we provide will continue to be enjoyed by many children for years to come.

My family pledges to:

- Share books together for at least 15 minutes each day
- Keep track of the books that come home and make sure they are protected from food, water, and damage
- Return the books on the day that they are due
