Storytime Activity Guide

*Hip Hop Lollipop* by Susan McElroy Montanari

Lollie loves to dance. Hip hop music and dancing makes her bedtime routine a happy time of day for her!

**Play:**

1. Put on your favorite music while doing some of your everyday routines.
2. Does having music on turn making dinner into something fun?
3. How about bath time?

**Materials:**

- Smartphone/CD player/computer that plays music

**Learn:**

1. Is there something that you or your kids love as much as Lollie loves to dance?
2. Did you hear all the rhyming words in the book? Go back and listen again, did you hear more rhyming words this time?
3. Lollie has a clear bedtime routine but she doesn’t read a book! Do you and your family have a bedtime routine that includes sharing a book?

**Practice:**

- Hip-Hop
- arms
- dancing

**Now try this!**

With your favorite music on, add your own dancing movements to it. Move your head, shoulders, arms, hip, and legs. Do you like your new dance movements? How does it feels? Also, ask your family to come and watch you perform your new dance.
